

Warsaw, 28 January 2019

**Information about a competition for research projects carried out at the Center for Theoretical Physics PAS in a year of 2019 by the young scientists under the guidance of research supervisors.**

In accordance to "*Rules of distribution of grants to the Institute named Center for Theoretical Physics of the Polish Academy of Sciences for financing of activities relating to scientific research or development works and related tasks, contributing to the development of young scientists*", hereinafter referred to as the Regulations, I am to announce an internal competition for research projects carried out by young scientists working in the CTP PAS under the direction of their research supervisors. The competition may be joined by scientists employed in the CTP PAS, who by 22th February 2019:

1. will not have a doctoral degree, or
2. will have a doctoral degree obtained not earlier than 7 years prior to that date.

Written submissions to the competition with a volume of no more than three A4 pages should be submitted to the secretary office of CTP PAS by 22th February 2019. The application should contain included in points the following information: a summary of management, in points: the name of the research, the purpose of the study, a description of the proposed work and a description of the intended use of the results and a bit more detailed description of the proposed research with justification. Applications are submitted jointly by the young scientist and a scientific supervisor of the project.

According to the Regulations, the commission for young staff matters will award prizes to the authors of the best projects for the financing of their own research. In the year of 2019 we will award prizes for a total amount of thirty thousand zloty.

The determination of the contest will take place by 27th February 2019. The results of the competition will be announced by a Committee Chairman for the young staff in a written form. The Commission for the young staff will post a message about the results of the competition on a website of the CTP PAS .

Chairman of the Commission for Young Staff

Professor, Ph. D. Iwo Białynicki - Birula
