

JOB OFFER

Position in the project:	Post-doc
Scientific discipline:	Theoretical physics
Job type (employment contract/stipend):	Full time employment contract
Number of job offers:	1
Remuneration/stipend amount/month (<i>"X0 000 PLN of full remuneration cost, i.e. expected net salary at X 000 PLN"</i>):	10000 PLN (up to five years after PhD) or 15000 PLN (5-09 years after PhD). Expected net salary 6500 PLN (1500 EURO) - junior postdoc, or 10000 PLN (2300 Euro) - senior postdoc.
Position starts on:	01.12.2019 (starting date is flexible)
Maximum period of contract/stipend agreement:	4 years
Institution:	Center for Theoretical Physics, Polish Academy of Sciences
Project leader:	Prof. dr hab. Marek Kuś / Group leader dr Michał Oszmaniec
Project title:	Near-term quantum computers: challenges, optimal implementations and applications <i>Project is carried out within the Team-Net programme of the Foundation for Polish Science</i>
Project description:	Quantum computers promise savings in time and effort necessary to perform certain computational tasks, which themselves are of great practical relevance for many branches of science and industry. Building a working quantum computer is a notoriously difficult task due to the destructive influence of noise and decoherence affecting large-scale quantum systems. Therefore, one expects that in the near future only devices consisting of a limited number of imperfect qubits (basic units of quantum computers) will be available. Our project aims to characterize the computational power and to investigate possible practical applications of such devices. To realize these ambitious goals, we will form a network of closely collaborating research groups working on cutting-edge aspects of quantum computing: quantum machine learning, control of quantum systems, quantum error-correction and identification resources responsible for quantum speedup.
Key responsibilities include:	<ol style="list-style-type: none"> 1. Conducting research 2. Writing scientific papers. 3. Supervision of phd students

	4. Participation in scientific conferences
Profile of candidates/requirements:	<ol style="list-style-type: none"> 1. Having a doctoral degree in mathematical or physical sciences; 2. Good knowledge of the subject: <ol style="list-style-type: none"> a. Quantum information theory b. Quantum computing c. Mathematical physics <p>confirmed by authorship or co-authorship of publications from the above-mentioned fields;</p> 3. Optionally (not all skills are required at the same time): <ol style="list-style-type: none"> a. programming experience (C ++, Python or Matlab), b. experience in programming on quantum computers (Qiskit, Forest) 4. Fluent spoken and written English; 5. Ability to work in a team.
Required documents:	<ol style="list-style-type: none"> 1. Curriculum vitae; 2. Research record with a list of publications, and list of research projects (especially those in which the candidate was the principal investigator); PDF files of up to five most important papers of the candidates; a list of talks at conferences and workshops, and a list of academic prizes and awards; 3. Motivation letter 4. Document confirming PhD degree (copies of Master, PhD, habilitation diplomas 5. Personal questionnaire form (should be downloaded from CTP web site) 6. Names and contact details (e-mail addresses) of two senior researcher who may act as reference for the candidate (The candidate is expected to contact the reference and ask them to email reference letter to <i>rekrytacja@cft.edu.pl</i> The letter must be sent before the deadline.).
We offer:	<p>Full-time employment for the period of one year with the possible further extensions.</p> <p>The Institute does not provide accommodation.</p>
Please submit the following documents to:	<p>Submit by email to email address: rekrytacja@cft.edu.pl</p> <p>Please write in the title of the email “MK/11/2019”</p>
Application deadline:	12:00 CEST 22.11.2019

For more details about the position please visit (website/webpage address):

An interview is expected. Selection committee reserves the right to invite for the interviews only preselected candidates. The interviews will be held in first week of November (the confirmation will be sent to the prospect candidates shortly after the application deadline).

Seniority of the candidates will not be preferred by default. Instead, the selection committee we will evaluate the expertise of candidates having in mind their qualifications and achievements at the career stage they are at the moment.

Euraxess job/stipend offer (in case of PhD, postdoc, leader and young leader positions):

Information Clause – Job Recruitment

Information Obligation under the Article 13 of the RODO *:

1. Data Administrator

The administrator who is a deciding entity on how your personal data will be used is the Center for Theoretical Physics PAN represented by the Director with the seat in Warsaw Al. Lotników 32/46. You can contact the Administrator by using one of the contact forms available on the website: : <http://www.cft.edu.pl/>

2. Data Protection Inspector

The Director of the Center for Theoretical Physics of the Polish Academy of Sciences has appointed the Data Protection Inspector (Inspektor Ochrony Danych - IOD) with whom you can contact in all matters relating to your personal data. You can contact the Inspector by sending an email to: iod@cft.edu.pl

3. The Purposes of Processing and the Legal Basis for Processing

Your personal data will be processed for the purpose of running the current recruitment.

The basis for the processing of personal data are the provisions of the Labor Code Act of June 26, 1974 (uniform text: Dz. U. of 2018, item 917) and based on your consent for data processing.

4. The Period of Storage of Personal Data

Your personal data will be kept for the duration of the present recruitment.

5. Data Recipients**

The recipients of your personal data will be only entities authorized to obtain personal data on the basis of the law. Access to your data is provided only to employees authorized by the administrator and associates who must have access to the data to perform their duties.

6. Your Processing Rights

You have the right to access your data and the right to correct it or limit processing, as well as the right to appeal against the processing.

7. The Obligation to Provide Data and the Consequences of not Providing Data

Providing your personal data specified in the Labor Code is obligatory, and for the remaining extent voluntary.

8. The right to make a complaint to the President of the Office for the Protection of Personal Data

When you feel that the processing of personal data violates the provisions of the general regulation on the protection of personal data, you have the right to make a complaint to the President of the Office for the Protection of Personal Data.

Consent to Data Processing

I consent to the processing of my personal data by the Center for Theoretical Physics PAN for the needs of:

Present recruitment.

I provide the data voluntarily and I declare that they are truthful. I got acquainted with the contents of the above information, including information about the purpose and methods of processing personal data and the right to access my data and the right to correct them.

* Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of individuals with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46 / EC (general regulation on data protection)
