

Prof. dr Jerzy Kijowski
Center for Theoretical Physics, Polish Academy of Sciences
02-668 Warsaw, Al. Lotników 32/46, Poland

CURRICULUM VITAE

Born May 4, 1943, Lublin, Poland

Education

1960-1965 Studies, Faculty of Mathematics and Physics, University of Warsaw, Poland
1965 Diploma (M.A.) in Mathematical Physics
1969 Ph. D. in Mathematics, University of Warsaw
1973 Habilitation in Theoret. Phys., University of Warsaw

Experience

1965-1969 Assistant, Institute for Mathematical Physics, University of Warsaw
1969-1975 Adjunct (post-doc. position),
1975-1982 Docent (associate professor)
1978-1980 vice-Dean of the Faculty, University of Warsaw
1980-1985 Deputy director, Center for Theoretical Physics of the Polish Academy of Sciences, Warsaw
1982- Full professor
1985-1988 and
1991-1992 Director, Center for Theoretical Physics of the Polish Academy of Sciences, Warsaw
1996-1999 Director, Institute for Mathematical Physics, University of Warsaw
1969 Main Award (Grand Prix) of the Polish Mathematical Society for young mathematician
1972 S. Zaremba Award (Grand Prix) in Applied Mathematics of the Polish Mathematical Society
1980 Award of the Polish Academy of Sciences for the results obtained in theoretical physics
1976-1977 Fellow of the A. v. Humboldt Foundation, Federal Republic of Germany
Member of the editorial board of **Reports on Mathematical Physics**
Member of the editorial board of **Acta Fisica Polonica**
Co-founder and member of the editorial board of **Journal of Geometry and Physics**.

Principal teaching experience

Mathematical Analysis, Algebra and Geometry, Mathematical Methods in Physics, Quantum Mechanics I and II, Differential Geometry and its Applications in Theoretical Physics (Warsaw University)
Mathematical Analysis, Algebra and Geometry, Mathematical Methods in Physics, Quantum Mechanics, Electrodynamics, Theoretical Mechanics (Uniwersytet Kardynała Stefana Wyszyńskiego, Warsaw)
General Relativity, Mechanics of Continua (Milano University, Italy)
Mathematical Analysis, Methods of Hilbert Space, (Université de Tours, France)

Longer stays as visiting scientist or visiting professor

1974, 76-77 Köln, Germany

1975	Université Paris VI, France
1978, 80, 83	Torino, Italy
1979, 81	Calgary, Canada
1982, 84, 88, 92	Leipzig, Germany
1983	Aachen, Germany
1986, 87, 88, 91	Milano, Italy
1989	Garching bei München, Germany
1990	Clausthal, Germany
1991	Lyon, France
1993-2004	Bern, Switzerland, several times
1994	Marseille, France
1999	Tours, France
2000-2007	Leipzig, Germany, 1 month each year

I was a supervisor of 15 Ph. D. thesis (14 in Poland and 1 in Italy). Four among my Ph. D. students have been awarded the Alexander-von-Humboldt Research Grant (S. Zakrzewski, G. Rudolph, P. Chruściel and P. Chruściński).

Four among my former Ph. D. students are already professors: G. Rudolph, University of Leipzig, Germany; P. Chruściel, University of Tours, France and Oxford University, U.K.; G. Magli, Politecnico di Milano, Italy; J. Jezierski, University of Warsaw, Poland.

I initiated and have organized (together with J. Lewandowski) a series of international conferences: “Canonical and Quantum Gravity” held at the Banach Center in Warsaw (I – 1995; II – 1997; III – 2001).

I have written 4 books: positions 18, 20, 62, 111 of the publication list.
